Sir:

In accordance with the provisions of 37 CFR 1.322 and 37 CFR 1.323 of the Rules of Practice implemented 35 USC 254 and 35 USC 255, the Patent and Trademark Office is respectfully requested to issue a Certificate of Correction in the above-identified patent to correct material errors in the printed patent document.

The error is listed below with the reference to its occurrence in the application and corresponds in order to the change listed on the attached Form PTO-1050:

Column 1, Line 20, "the socalled" should read - - the so-called - -. See page 1, line 7 of the filed specification.

Column 10, Line 11, "dermatologicl" should read - - dermatological - -.

#### REMARKS

The Patent and Trademark Office evidently erred when the error at column 1, line 20 was made in the formal patent document since the text is correct in the application file.

The error at column 10, line 11 is the fault of the patentee due to a typographical error, and is merely formal in nature and does not change the scope of protection of the patent nor require reexamination. Moreover, since the mistake at column 10, line 11 is that of patentee, such should be done with a charge of \$100. Please charge the required fee to the Deposit Account No. 14-1263.

Since these mistakes are not obvious from the printed text, it is believed to be in order for the Patent and Trademark Office to issue a Certificate of Correction in accordance with the two copies of the enclosed Form PTO-1050 and to place such a Certificate of Correction in the file so that such will appear on any copies of the patent which are ordered in the future.
